

## WEEK 3

# CORPORAL WORKS OF MERCY: GIVE DRINK TO THE THIRSTY

Many of our sisters and brothers in Christ do not have access to clean water, a basic necessity that each person needs to survive. We should support the efforts of those working toward greater accessibility of this essential resource.

### A STORY OF HOPE FROM EL SALVADOR

Some young people in Ahuachapán in eastern El Salvador think that being a farmer is a thing of the past. Their families have farmed for generations, but climate change and soil erosion have caused harvests—and therefore their incomes—to shrink considerably.

Edwin Carlos, a 17-year-old eager to support his parents and two little brothers, did not see farming in his future. However, after a teacher told him about how new techniques and technology were changing the way farming was being done to help restore the environment, he changed his mind. Edwin Carlos decided to join a group of 220 students who are learning skills like the importance of distancing when plowing and how burning harvest residue can harm the land and air.

Sadly, El Salvador has lost 75% of its rich land because of the large number of trees that have been cut down and harmful agricultural practices like the extensive use of fertilizers, making it one of the most food-insecure countries in the hemisphere. “He who knows has an obligation to act,” says Edwin Carlos, who now knows how to use water properly so that it is not wasted, and organic manure and other resources to provide nutrients to the soil to produce more—and healthier—crops.

Thanks to this school program, CRS’ Raíces Ahuachapán, Edwin Carlos has also learned how to grow vegetables at home—knowledge that was extremely important during the COVID-19 pandemic. In the days of the confinement, nearly 1,200 families started home vegetable gardens to grow nutritious foods like onions, tomatoes, cucumbers and squash. They can eat what they harvest or sell the produce at their church or the local market for additional income.

Pope Francis reminds us that “young people demand change. They wonder how anyone can claim to be building a better future without thinking of the environmental crisis.” Thanks to programs like CRS’ Raíces Ahuachapán, young people are becoming active agents of that change.

### FACTS TO CONSIDER

- El Salvador is the smallest and most densely populated country in Central America. With more than 6 million people living there, it is also considered the most industrialized country in Central America. However, its people continue to face serious challenges.
- An estimated 1 in 5 Salvadorans have left the country due to lack of sufficient income to support their families, high levels of violence and insecurity, issues that affect El Salvador’s society in profound ways.
- Environmental degradation and global climate change make the country highly at risk to natural disasters. The country is the second most deforested in the Western Hemisphere.

## CORPORAL WORKS OF MERCY: GIVE DRINK TO THE THIRSTY

45 MINUTES

### OBJECTIVE

Through the story of farmers in El Salvador, students will learn about the corporal work of mercy giving drink to the thirsty.

### MATERIALS

- Facts to Consider.
- Week 3 story or video  
(available at [crsricebowl.org/stories](https://crsricebowl.org/stories))
- Week 3 Activity Sheet: Grades 7-8  
(available in this guide and at [crsricebowl.org/1-8](https://crsricebowl.org/1-8))

### DISCUSSION (15 MINUTES)

1. Read the Facts to Consider.
2. Read or watch the story from Week 3.
3. Reflect:
  - What caught your attention in this story?
  - Why is caring for creation so important and what is the impact—locally and globally—when we don't care for it?
  - Why do we call the earth our common home?

### ACTIVITY (25 MINUTES)

1. Explain the corporal work of mercy giving drink to the thirsty. Many of our sisters and brothers in Christ do not have access to clean water and suffer from the lack of this basic necessity. We should support the efforts of those working toward greater accessibility of this essential resource.
2. Have students complete the Week 3 Activity Sheet: Grades 7-8.
3. If time permits, ask the students to share their answers to the questions.

### CLOSING PRAYER (5 MINUTES)

*God of all creation,*

*We are grateful for the beauty we encounter around us. May we always care for all that you have created: our sisters and brothers, the plants and animals, the lakes, rivers and oceans, the valleys, mountains and plains. We pray that we may say, as Saint Francis of Assisi did, "Laudato Si', mi' Signore"—"Praise be to you, my Lord."*

*Amen*

### AT HOME

1. Share your activity sheet with your family.
2. As a family, read today's reflection found in your **CRS Rice Bowl Lenten Calendar**.

### IF YOU ONLY HAVE

1. Read or watch the Week 3 story.
2. Lead Discussion step 3.

Name: \_\_\_\_\_

*Raíces* is a word in Spanish that means “roots.” Why do you think Edwin Carlos’ school program has this name?
